Stay ahead of the curve by mastering the transition to the latest ISO/IEC 27001:2022 standard. The ISO/IEC 27001:2022 Transition course provides a focused, one-day training for professionals responsible for updating and adapting their Information Security Management System (ISMS) to align with the new version.

You'll explore updated requirements in risk assessment, incident management, and governance, and gain the skills needed to guide organisations through a smooth, compliant transition. After passing the exam, you'll earn the Certified ISO/IEC 27001:2022 Transition credential — validating your expertise in the latest ISMS framework.

Learning Objectives

By the end of the course, you will be able to:

-  Understand the changes introduced in ISO/IEC 27001:2022 and how they impact existing ISMS implementations
-  Identify and interpret the updated requirements, including those related to risk assessment, governance, and incident handling
-  Support organisations in planning and executing a structured transition from the 2013 to the 2022 version of the standard

Who Should Attend?
