Duration

Stay current with information security standards through the ISO/IEC 27001 Transition course. In just 2 days, you'll gain a clear understanding of the key differences between ISO/IEC 27001:2013 and ISO/IEC 27001:2022 — including revised clause content, updated controls in Annex A, and the introduction of new terminology aligned with ISO/IEC 27002:2022.

This course equips you with the knowledge and skills to support organisations in planning and implementing the necessary changes in their ISMS to ensure full alignment with ISO/IEC 27001:2022. Upon completion, you'll be eligible to take the certification exam and apply for the PECB Certified ISO/IEC 27001 Transition credential — proof of your up-to-date expertise in ISMS modernisation and alignment.
