

ISO 27002 Foundation

 Online instructor-led
Self-study
Modality

 English
Language

 5 days
Duration

Get introduced to information security controls with the ISO/IEC 27002 Foundation course. In just 2 days, you'll learn the core concepts and categories of information security controls, aligned with ISO/IEC 27002 — including organisational, people, physical, and technological safeguards. You'll also understand how this standard connects with others like ISO/IEC 27001 and ISO/IEC 27003.

Completing this course prepares you for the certification exam and allows you to apply for the PECB Certificate Holder in ISO/IEC 27002 Foundation — demonstrating your understanding of key information security controls and their application in modern ISMS environments.

Learning Objectives

By the end of the course, you will be able to:

-  Explain the fundamental concepts of information security, cybersecurity, and privacy based on ISO/IEC 27002
-  Discuss how ISO/IEC 27002 relates to ISO/IEC 27001 and other standards
-  Interpret the organisational, people, physical, and technological controls of ISO/IEC 27002 in context

Who Should Attend?

- 🔍 Managers and consultants seeking knowledge of ISO/IEC 27002 controls
- 👤 Information security professionals responsible for control implementation
- 🛡️ Individuals involved in ISMS processes or looking to build a career in security
- 📖 Anyone wishing to understand the structure and logic behind ISO/IEC 27002

What's Included?

- 📖 200+ pages of course material, examples, and exercises
- 📄 Exam and certification fees
- 🏆 Course completion attestation, granting 14 CPD credits.

Course Agenda

Day 1 | Introduction to ISO/IEC 27002 and organizational controls

Day 2 | People, physical, and technological controls and certificate exam

Certification & Exam

- 🚫 **No prerequisites required**, just signing the PECB Code of Ethics

 **Exam:** 1 hour, taken on day 2

It covers the following competency domains:

Domain 1 | Fundamental principles and concepts of information security, cybersecurity, and privacy

Domain 2 | Information security controls based on ISO/IEC 27002

 **Retake:** Free retake within 12 months if needed

 **Maintenance Fee:** First year included; fees applies from second year. Pay \$120/year or save 10% by paying three years upfront.
